

Sonitrol offers a program specifically tailored to the needs of the financial services industry, including banks and credit unions. Based on our proprietary verified audio and video detection technology, a Sonitrol system delivers effective protection with low false alarms, lightening-quick police response, and the highest apprehension rate in the industry. Our integrated solutions can also include managed access control to restrict access to sensitive areas, as well as indoor/outdoor video surveillance to deter theft and vandalism, panic buttons, and fire/smoke detection. All of this is supported by our *highly trained* Sonitrol Central Station operators.

Choose Sonitrol with confidence.

Whether you're a credit union with a few locations or a regional or national bank, Sonitrol is uniquely positioned to meet your needs. We are the third largest commercial security provider in North America—and the verified leader in electronic security. We offer national resources, as well as strong local support, knowledge and resources to get the job done right.

OVER 177,461 SONITROL APPREHENSIONS AND COUNTING...

(1) (2) ACROSS-THE-BOARD EXPERTISE (2) (2)

Many security companies specialize in *one* type of solution, but at SONITROL, we are industry-leading experts in integrated solutions for intrusion, access control, video surveillance and fire detection.

DID YOU KNOW?

- The FBI investigates about **5,000** bank robberies each year.
- False alarms cost financial institutions thousands each year.
- The biggest source of loss & shrinkage is from employee theft.
